PLAN AT A GLANCE

WEEK 1	Foundation week — shoulder safety + hybrid base		
01	Day 1	Upper body push + conditioning	7 ex
02	Day 2	Lower body strength + core	7 ex
03	Day 3	Active recovery + mobility	7 ex
04	Day 4	Pull + posterior chain	7 ex
05	Day 5	Upper-body conditioning block	7 ex
06	Day 6	Hybrid endurance + core	7 ex

DAY 1 · DAY 1

Upper body push + conditioning

Advanced 35yo with 15y history and excellent movement screen returns to training after time off; cervical damage and unstable left shoulder require strict posture control and scapular activation.

WARMUP

- Arm circles (controlled, small ROM) · 2 min
- Cat-Cow + quadruped shoulder taps · 3 min
- Band pull-aparts (light) · 2 min

ACTIVATION

- Prone Y-T-W sequence (bodyweight) · 3 min
- Dead bugs (4x4 slow, each side) · 2 min

DYNAMIC STRETCHES

- Half-kneeling hip flexor stretch + contralateral reach · 2 min

CARDIO

- Bodyweight circuit: jumping jacks + box step-ups + burpees (modified) · 8 min

MAIN WORK

#	EXERCISE	SETS	REPS	REST	RPE	7 exercises TEMPO
01	Dumbbell Bench Press (neutral grip, paused) Press ribs down, scapula pinned; neutral wrist, elbows 45° from body.	4	8	2 min	8	3-2-1-0
SUPERSET A						
02	Dumbbell Reverse Fly (bilateral) Scapula back and down; elbow leads, pinkies high; no wrist flexion.	3	12	90 sec	7	2-1-2-0
03	Dumbbell Curl (standing, strict) Elbows fixed at ribs; no wrist extension; control eccentric.	3	12	90 sec	7	2-1-2-0
04	Single-Arm Dumbbell Row (staggered stance) Scapula retracts first; elbow past midline; neutral neck.	3	10	2 min	8	2-1-2-0
05	Dumbbell Romanian deadlift (short range, controlled) Slight knee bend; hinge at hips only; neutral spine; light load.	3	10	60 sec	6	3-1-1-0
06	Dead bug (stability + core endurance) Ribs stacked over pelvis; opposite arm-leg extend fully.	3	8 per...	60 sec	5	2-0-2-0
07	Suitcase carry (dumbbell, single-arm) Ribs packed, opposite glute engaged; avoid lateral trunk tilt.	3	30-40...	45 sec	5	stead...

COOLDOWN

- Static stretching · 4 min
- Supine figure-4 stretch · 2 min

OPTIONAL FINISHER

- 4-min walk-down breathing protocol · 4 min

DAY 2 · DAY 2

Lower body strength + core

Advanced 35yo with 15y history and excellent movement screen returns to training after time off; cervical damage and unstable left shoulder require strict posture control and scapular activation.
